

LUXESSE LIFT

Features and benefits

This silky soft lifting care provides the skin with exclusive active ingredients. Every skin that experiences the loss of resilience will be convinced by the results of LUXESSE LIFT – a firm and youthful skin in the short, medium and long term.

- The precious extract of Tahiti's South Sea pearls makes the skin silky soft, smoothenes the skin's relief and lastingly binds moisture. The skin is given a delicate pearly shimmer and looks balanced and harmonious.
- Lavender extract is capable of reducing mimic lines thanks to its relaxing effect.
- A lifting peptide complex stimulates the skin's elastin synthesis and thus effectively combats age-induced loss of elasticity.
- The skin's own lipid synthesis is stimulated by the active ingredients of Southernwood extract. This noticeably improves skin structure and moisture-binding capacity.

For a tighter and firmer skin structure you can see and feel.

Highlight active ingredients: South Sea pearl extract, lavender extract, lifting peptide complex, Southernwood extract, passionflower oil

Suitability

Skin condition			Skin type		
Normal	Sensitive	Stressed with fine lines	Rather oily	Combination skin	Rather dry

LUXESSE LIFT

Application

Home use (45 ml item no. 7888)

In the morning and evening, after cleansing and application of SOMI and eye care, apply a hazelnut-sized amount of LUXESSE LIFT to face, neck and décolleté.

Salon use (125 ml item no. 38303)

Apply a hazelnut-sized amount of LUXESSE LIFT as final care – after SOMI and LUXESSE VISION EYE LIFT – to face, neck and décolleté.

Tip

Thanks to its particularly light texture, LUXESSE LIFT is not only perfect for oily and combination skin, but also a wonderfully lightweight care in summer.
