

LUXESSE RICH

Features and benefits

This rich intensive care makes dry skin feel wonderfully luxurious and features an impressive triple effect. Instant, medium and long-term premium results for a smooth, plump complexion with visibly firmer contours.

- The precious extract of Tahiti's South Sea pearls makes the skin silky soft, smoothens the skin's relief and lastingly binds moisture. The skin is given a delicate pearly shimmer and looks balanced and harmonious.
- Para cress extract noticeably relaxes the skin and visibly reduces mimic lines whilst the skin's own lipid synthesis is stimulated by the active ingredients of Southernwood extract. This noticeably and visibly improves the skin's firmness and contours.
- Southernwood extract increases the skin's own lipid synthesis and lastingly improves the skin's contours and firmness. A precious cocktail of oils supports the unique care result.

For a firmer skin with tighter contours.

Highlight active ingredients: South Sea pearl extract, Para cress extract, Southernwood extract, shea and cocoa butter, passionflower oil

Suitability

Skin condition			Skin type		
Normal	Sensitive	Stressed with fine lines	Rather oily	Combination skin	Rather dry

*** "Highly suitable" ** "Very suitable" * "Suitable to a certain extent" No star: "Not suitable"

LUXESSE RICH

Application

Home use (45 ml item no. 7886)

In the morning and evening, after cleansing and applying SOMI and eye care, apply a hazelnut-sized amount of LUXESSE RICH to face, neck and décolleté.

Salon use (125 ml item no. 38020)

Apply a hazelnut-sized amount of LUXESSE RICH as final care – after SOMI and LUXESSE VISION EYE LIFT – to face, neck and décolleté.

Tip

LUXESSE RICH is the perfect care for dry skin lacking resilience. Combined with the other treasures from the LUXESSE range, this rich cream is the ideal night care and wonderfully suited for a massage.

Particularly during the cold season, LUXESSE RICH enrobes the skin in a soothing South Sea dream.
