

TIME DEFENSE MASK

Effective first aid for stress and tension. The rich cream mask transports the Time Defense Complex and its precious moisture, radical traps and anti-inflammatory and excitometabolic active ingredients directly into the skin where they stay for many hours.

DÉCOLLETÉ

Tightening intensive care for neck, décolleté and bust. A highly effective algae active ingredient visibly smoothens the skin surface and supports the moisture balance, whilst protecting against free radicals. A hazelnut-sized amount of the wonderful, soft DÉCOLLETÉ is enough to visibly soften fine lines and creases caused by dryness and to give the soft skin of neck, décolleté and bust new beauty.

For a silky soft décolleté. Precious ingredients rapidly and visibly soften creases and fine lines.

PHYRIS

Three new revolutionary care products with plant signal substances, inspired by biotechnology

PERFECT
AGE

Timelessly beautiful

PRETTY IN PINK

The new PHYRIS care innovations bear great potential for anti-aging and your dream of timelessly beautiful skin can become a reality!

PERFECT AGE presents its new look – now the products you know and love are joined by three incomparably new formulations that literally “go deep under your skin.”

The principle of the new PERFECT AGE cell products is very easy, but revolutionary: an active ingredient complex from phyto stem cells of the wild apple blossom is liposomally encapsulated, deeply penetrates the lower layers of skin and stimulates the skin's cell structure. The skin radiates vitality whilst simultaneously building a protective shield for its own cells.

A biological “facelift” without a scalpel is also performed by the other five products from the PERFECT AGE range, each of which has a little surprise in store. These are specialists that precisely react to the treatment method or area of skin for more youthful, firmer skin.

PERFECT AGE is the perfect care for every woman with a busy life, many stressful situations to master and the desire to treat herself to a care with highly promising ingredients to combat premature aging. In the PERFECT AGE range, the newest, most precious and most effective ingredients are prepared so that their care properties are ideally developed.

The care innovations can be individually combined – depending on the needs of the skin and the constantly changing requirements of your personal lifestyle. This means the right care at the right time in the right season.

Timelessly beautiful skin –
Not a dream but a care innovation!

INNOVATIVE STARS WITH PHYTO STEM CELLS

Radiantly beautiful skin thanks to cell regeneration and cell protection

CELL CONTROL

THE STATE-OF-THE-ART ANTI-WRINKLE BODYGUARD

The gentle 24-hour cream effectively protects your skin and consistently minimizes the first signs of stress-related skin aging processes. Phyto Cell Essence naturally stimulates the vitality of the cell structure, strengthens its protective barrier and makes your skin look more relaxed and younger in a flash. The precious oil of the Sasanqua Rose prevents light-induced skin aging and natural Protect complexes shield your skin from the damaging influences of ozone. It is given comprehensive protection and intensively moisturized so that it looks fresh and fit all day long.

CELL LIFT

THE GENTLE "FACELIFT" EVEN FOR SENSITIVE SKIN

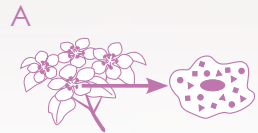

This silky smooth 24-hour care with sweet almond Lift Complex boasts an impressive smoothening and firming instant effect. Thanks to its special formulation, CELL LIFT is also highly suitable for sensitive, demanding skin. Phyto Cell Essence strengthens the skin's protective barrier. Sweet grass has a calming effect, Marula oil strengthens the skin's immune system and stimulates collagen synthesis. The balanced Soft-Lifting-Complex strengthens, rejuvenates and tightens and gives even skin that is prone to irritations a wonderfully smooth and harmonious radiance. Free from emulsifiers.

CELL REFILL

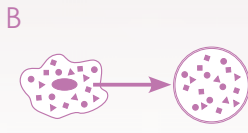

THE EFFECT ARCHITECT FOR DEMANDING SKIN

The answer to wrinkles and fine lines, as well as sagging contours, is called CELL REFILL. This creamy 24-hour care cream acts as an invisible builder to correct the cell structure of dry, demanding skin. A DNA-Repair-Complex triggers regenerative impulses and refills the skin from within by the formation of new elastin fibers. Phyto Cell Essence, an active ingredient complex from phyto stem cells of the wild apple blossom, strengthens the cell structure. The contained soybean-yam complex can balance out hormonal undernourishment of the skin and improves both skin thickness and firmness. Precious Inca nut oil tightens and smoothenes the features and gives you a radiant, lively glow.

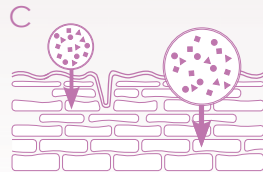

PHYTO CELL ESSENCE

Extracted from wild apple blossom

Signal substances of the cell are liposomally encapsulated

Signal substances of the cell deeply penetrate the lower layers of skin

Cell renewal is naturally stimulated. The skin is strengthened, rejuvenated and tightened

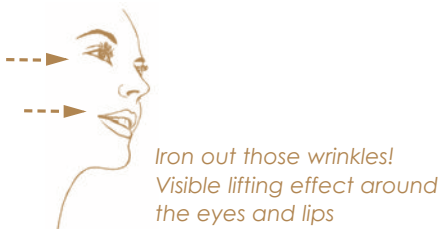

FAVORITE PRODUCTS BECAUSE THEY'RE EFFECTIVE

Intensive high-tech care with
anti-aging effect

EYE & LIP

In addition to actually softening fine lines around the eyes and lips caused by dryness, EYE & LIP provides an additional Soft Focus Effect for optical corrections and a slight lightening. An amount the size of a small pearl is enough, gently tap in around eyes and lips and enjoy its full and tightening effect.

TIME DEFENSE SERUM

A special kind of active ingredient concentrate for elasticity and instant regeneration from stress, lack of sleep and repeated sun exposure. The TIME DEFENSE SERUM inhibits the premature decomposition of collagen and actively ensures the relaxation of the small mimic muscles. Recovery and regeneration for your skin.

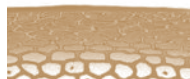

MAGIC CAPS

Regenerative, rich, high-tech concentrate for the demanding skin of face, neck and décolleté. Yam extract and a special Vitamin C compound provide a wonderfully soft skin while ideally boosting the skin's ability to bind moisture, thus increasing its lipid synthesis and elasticity. The contours look visibly tightened.

*Tighter and softer complexion in just
a short time. You will love it.*

A cross-section
of demanding
skin

Instantly silky soft
skin after treat-
ment with MAGIC
CAPS

*Applied as a treatment, TIME
DEFENSE SERUM is the cosmetic
alternative to a mini facelift.*
