TIME RELEASE

For all customers who want to instantly and lastingly intensify and/or enhance the results of their daily care cream by a highly concentrated serum or serum mask.

This range's six different active ingredient serums and masks offer instant and lasting solutions for individual care intentions. Tighter contours, reduced fine lines, additional protection or moisturizing – all needs are fulfilled by the six most successful active ingredients in cosmetics.

HYDRO ACTIVE

For customers who love the skin sensation of freshness and rich moisturizing and whose skin feels rather dry and rough and/or is prone to tightness and fine lines caused by dryness.

Different kinds of Hyaluronic Acid variations and high-tech active ingredients replenish the skin's moisture depots and improve and extend the skin's moisture-binding capacities. Makes skin feel fresh and relaxed.

PERFECT AGE

For customers who want to do something good for their skin and would also like to reduce the signs of aging, this range offers modern anti-aging solutions.

Different formulations offer the right anti-aging product for every skin type, skin condition and customer wish. The care goals of this product range are protection, smoothening and rejuvenation.

TRIPLE A

For all customers who want to achieve the best results against the signs of time, this range offers highly concentrated Retinol products.

Thanks to different kinds of rich formulations, TRIPLE A is suitable for all skin types.

The latest generation of a Vitamin A concept for a complete anti-wrinkle effect.

Three different kinds of Vitamin A fulfill all requirements of maturing skin.

LUXESSE

For demanding customers who want a unique symphony of completeness and efficacy, LUXESSE offers an exclusive selection of care treasures.

Highly effective products with triple effect for youthful skin radiance, in elegant packaging with a unique fragrance and silky formulations.

PHYTO VITAL

For all customers who want to nourish and pamper their skin with premium oils, vitamins and nutrients.

Rich formulations regenerate and revitalize the skin and make it feel comfortably cared for, nourished and beautiful. They protect the skin with premium oils, particularly during the cold season.

SENSITIVE

For all customers with sensitive skin which is prone to irritations, allergies and redness, this range offers excellent solutions.

Highly tolerated products that care for, strengthen and calm the skin. For a balanced, calm complexion and a pleasant skin sensation.

DERMA CONTROL

For customers whose skin is prone to oily shine and inflammatory blemishes and who would like a balanced and calm complexion.

Products with a light-as-a-feather formulation that are rapidly absorbed and lastingly reduce annoying oily shine and blemishes.
They are calming, balancing and result in a beautiful complexion after just a few days.

PROFINE

For all customers who would like a fine and evenly beautiful complexion and would also like to prevent or reduce pigment spots.

Modern formulations and the latest generation of plant active ingredients refine the complexion and lastingly reduce pigment spots. For an evenly beautiful complexion.

EYE ZONE

For all customers who would like to pay particular attention to the delicate eye area as this is where the signs of time tend to be the most visible. Whether combination skin, oily skin, dry skin, mature skin or sensitive skin, PHYRIS has the right care for every skincare need.

Products with the conductive active ingredient gold, in three different variations of texture from gel to balm through to rich cream, can be easily mixed and matched and are highly soothing for the delicate eye area.

SPECIALS

For all customers who want to add an uncomplicated but effective and perfect protection to their individual daily care.

Due to their particularly light textures, the products from this range are designed to be individual care remedies that can be combined with any care irrespective of age, care habits or season.

DAY CARE

For customers who would like to give their skin particular protection, this range features products that protect against photoaging. Tinted day care products, as well as an anti-aging hand care complete the daily care ritual.

These products are valuable remedies and can be combined with all other ranges.

NEW GENERATION

For all customers who want to pamper their skin with highly concentrated active ingredient care. Either as an instant effect or as a course of treatment, the NEW GENERATION products can be flexibly combined.

The special effect principle of this range is about combining a main active ingredient with an additionally supportive active ingredient to achieve even more intense effects.
